III. Fire Safety Tips and Announcements

Fire Safety Tip: Evacuation Planning

Have an emergency preparedness plan ready in case of an environmental emergency, fire, or natural disaster. Know two ways out of your home, and consider the route you will take if you need to evacuate from your neighborhood due

to an emergency. Visit fire.honolulu.gov to learn more.

- Leave early enough to avoid being caught in fire, smoke, or road congestion.
- Establish a predetermined location, such as a well-prepared neighbor or relative's house, a low-risk area, or a shelter or evacuation center.
- Take your emergency supply kit containing your family and pet's necessary items.
