Mr. Patrick Smith, Chair
Neighborhood Board No. 12
c/o Neighborhood Commission Office
Kapalama Hale
925 Dillingham Boulevard, Suite 160
Honolulu, Hawaii 96817

Dear Mr. Smith:

Subject: Wyllie Street and Liliha Street Water System Improvements,
Honolulu, Oahu, Hawaii

The Board of Water Supply scheduled the design of a water main and service lateral replacement project in the Liliha area to improve water service reliability within the neighborhood. New service laterals and water mains will be installed along the streets shown on the enclosed map.

As part of the design work, our design consultant, Pryzm Consulting, LLC, will be surveying the streets, sidewalks, and areas around water meters to gather information on existing conditions.

After the design work is completed, a subsequent construction project will be advertised for bids. Construction will begin after we process all contract documents and obtain all approvals and permits. We shall inform you when we plan to start construction.

If you have any questions, please contact Lester Fujikami, Design and Plans Review Branch Head, Capital Projects Division, at 748-5713.

Very truly yours,

ERNEST Y. W. LAU, P.E.
Manager and Chief Engineer
