

Resilient and Renewable Energy Community Workshops

Hawaiian
Electric

Hawai'i Powered

As a result of climate change, Hawai'i and other locations around the world are becoming increasingly vulnerable to severe weather events.

This underscores the importance of decarbonizing our energy system and strengthening the resilience of our communities.

Please join us to help identify areas in your community (on O'ahu) that may benefit from developing **microgrids**, which can improve energy resilience in areas prone to prolonged outages during weather events.

i Microgrids serve areas that are connected to the electric grid yet can be islanded during an outage to continue providing electricity through a variety of resources, including solar panels, a battery and/or backup generator.

➔ Community insight and feedback are critical as we plan for energy resilience and a decarbonized grid. Hybrid community workshops are being held across O'ahu for community members to join either in person, or online. These workshops will document community insight on facilities and services that are most important to prioritize with power. ***We'll also introduce renewable energy planning concepts and document feedback on the potential for renewable generation on O'ahu.***

Resilient and Renewable Energy Community Workshops

Open House | 6:30 p.m. – 7:00 p.m. (In-person only)

Light food and refreshments will be served.

*Hybrid Community Workshop | 7:00 p.m. – 8:30 p.m. (In-person and virtual)

Meeting Link: hawaiianelectric.com/communitymeetings

**All workshops will be livestreamed and recorded.*

Ko'olauloa Moku (Waimea – Ka'a'awa)

October 24, 2022

Kahuku Elementary School (Cafeteria)

Wai'anae Moku (Nānākuli – Keawa'ula)

October 26, 2022

Agnes Kalaniho'okahā Community Learning Center (Conf. Rms. 1, 2, 3)

Kona Moku (Moanalua – East Honolulu)

November 1, 2022

Kapi'olani Community College (Cafeteria)

Wai'anae Moku (Ka'ena – Kapaeloa)

November 3, 2022

Wai'anae Elementary School (Cafeteria)

Ko'olaupoko Moku (Waimānalo – Kualoa)

November 15, 2022

Windward Community College (Hale A'o 101/102)

'Ewa Moku (Honouliuli – Hālawā)

November 17, 2022

Leeward Community College (Room ED201)
